

## **Cardiac Network, Inc. Announces Upgrades to its Corporate and HeartOne Club Web Sites**

SAN FRANCISCO, February 26, 2009 -- Cardiac Network, Inc. (Other OTC:CNWI.PK ) announced today upgrades to its Corporate and HeartOne Club websites. The changes are in line with the previous announcements of the company's expanded products and services offerings. The company has entered into marketing and website development agreements with third-parties, and the public will begin seeing Cardiac Network's website enhancements starting with its version 2.0 release on Monday, March 2, 2009.

"Our new Corporate and HeartOne Club websites will be both informative and functional, elevating Cardiac Network's profile as a leader in cardiac monitoring," said Michael C. Swartzburg, President and CEO of Cardiac Network. "We are excited to feature our latest technologies, such as wireless communication and emergency "panic" alert features for our heart monitors, including global positioning systems for locating patients in need of medical help."

Cardiac Network will be updating its websites for its new products and services throughout the first half of 2009.

### **About Cardiac Network, Inc.**

Cardiac Network, Inc. is a medical technology company providing cardiac monitoring and diagnostic services to general practitioners and specialist physicians, for the investigation of patients with abnormal cardiac rhythm and function. The service uses unique transtelephonic (by telephone) cardiac recorders that monitor and provide diagnostic information to physicians and their patients. Cardiac Network also offers its services to individuals which help them quickly determine if they are having potential cardiac problem so they can obtain immediately needed medical treatment.
